

AT EVERY STEP OF THE WAY

Magswitch MagMount 150 GripRight

81001424

90 Degree switchable magnet

The Magswitch GripRight 150 switchable magnet secures fixtures, fences or jigs in place at a 90 degree angle to magnetic ferrous tables, e.g., bandsaw, drill press, etc. Rotate the knob to turn On/Off 145 pounds of magnetic hold force. Simply drill a 2 inch 10-32 holes in your fixture or fence and attach with the enclosed hardware.

Features:

- Create 90 degree fences, assembly jigs, cutting fixtures, blade guards, work supports or anything that makes you work faster, safer and easier.
- Attach as many magnets to your fixtures as needed for added strength and flexibility. We recommend use of two per fixture to avoid pivot.

Specifications:

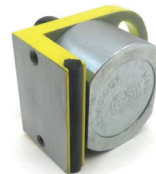

- Max Breakaway: 145 lbs on 1" steel
- Maximum Shear: 20.45 pounds
- Product Weight: 8.5 ounces
- Dimensions: 2.25 x 1.25 x 1.56 in
- Magnetic Pole Footprint: 1.57 inch x 1.22 inch

Hardware kit includes screws

Holds flat and round surfaces of steel

For woodworking, welding and fabrication

Designed with screw holes
